

TESTIMONY

Tim Thomasson

I became a believer in June of 1972 just before heading off to college. After finishing school I got married and my new wife and I went on staff with Campus Crusade for Christ. A few years later we left Crusade and I came to Fredericksburg and took a position as a scientist with the Department of Defense. Our ministry focus for the next 40 years has been ministering in and through the local church. God called us to New City in 2002. Our focus as a cross cultural church is to reach across cultural barriers with the love of Christ through evangelism and missions.
